- 25X1 1. When Sovromasigurare took over the Rumanian insurance companies in 1947¹, accumulated cash reserves totalled 4,000 million lei. This sum remained as reserve: 70 percent was for the USSR and 30 percent for Rumania, in accord with the standard principle for all Sovrom organizations.
2. The life insurance policies taken over by Sovromasigurare, which fell due in 1947, are said to have been paid up at only 8 percent. Old policies which were not fully paid up were also valued at 8 percent and credited against new policies. Individual and collective life and fire insurance policies are forcibly effected by Sovromasigurare for all enterprises. As a result premium income is high.
3. In 1951 four workmen's compensation cases, two in a weaving mill, one in a foundry, and one road accident, were paid up immediately.
